

## Welcome to the ReUse Concrete Sealing Automated Driveway Quote System.

- Step 1: Print this page to record your measurements.
- Step 2: Look at your driveway, entry, sidewalks, patio, etc. and mentally block them off in squares or rectangles.
- Step 3: Measure each square or rectangle and put the numbers in the measurement grid below. There are several ways to measure. You can measure with a measuring tape or ruler. You can step it off assuming that your foot is about one foot long or that each step is approximately 3 feet. You can test this by measuring your foot or your step with a ruler.
- Step 4: Remember to measure the back patio, back or side sidewalk areas, or other concrete areas that you would like sealed.
- Step 5: Submit your measurements and we will send you an automated quote with a 5% discount for using our automated system.
- Step 6: Accept the quote and schedule to have your concrete surfaces sealed with the highest quality penetrating sealer available on the market today.

**Measurement Grid**

width x height = sq. ft.

A \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

B \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

C \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

D \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

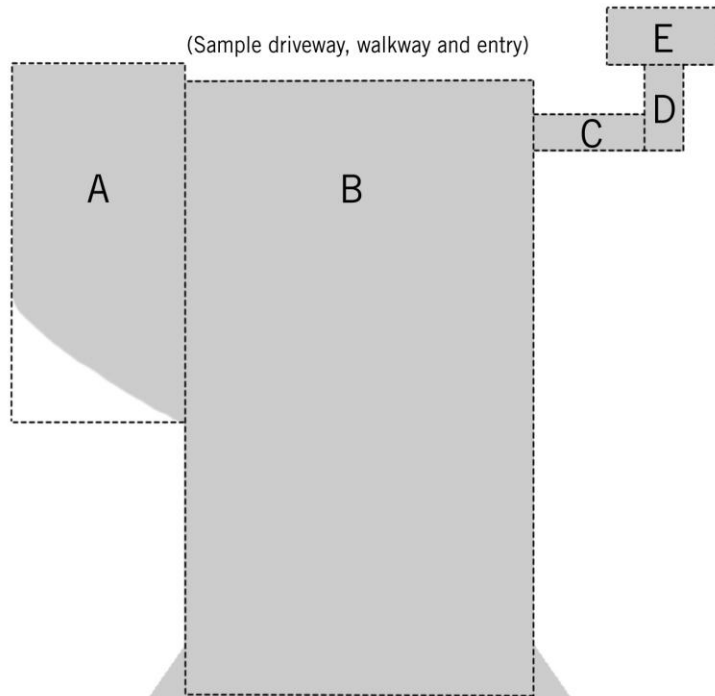

E \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

F \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

G \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

H \_\_\_\_\_ x \_\_\_\_\_ = \_\_\_\_\_

Total Square Footage = \_\_\_\_\_

\* Quoted measurements are approximate. Adjustments may be made if measurements submitted were not accurate which may also adjust the price.
